

## MY SUPPORT. MY PLAN.

Everyone has a goal they want to achieve. At Ergon Support we are there to help our clients identify, plan and build the skills to achieve their individual goals. Success looks different for everyone, which means the path to get there needs to be created just for you, we can help with that.

### Individualized Support

One on one direct support to help give your client the motivation, confidence and skills to not only achieve their current goals but for their future also.

### Case Planning

Goal oriented case planning with your client directly involved in its creation. Monthly follow ups to review successes, achievements, goal path, and barriers,

### Action Driven

Creating action based goals and milestones, with a complete monthly schedule of tasks, micro goals and desired outcomes for the purpose of achieving the client success one step at a time.

### Personalized Success

While looking at individual barriers to achieving the goals, along with potential skill building opportunities, this will allow for the client and us to create personalized successes, for themselves in the shape of micro goals, milestones and main goal achievement.
